PD 07 344 CC

Residents of this proposed 48-lot development would be assigned for school attendance at Dexter Elementary, Dexter Middle and Bartlett High. SCS statistical ratio for calculating the number of students that yield from new home construction, this 48-lot development is projected to yield 30 additional students to Shelby County Schools, (15 elementary students, 8 middle and 7 high school students).

The current enrollment for the SCS schools involved is as follows: Dexter Elementary, 962 students; Dexter Middle, 688 students and Bartlett High, 1560 students.

There are no additional schools on the SCS Capital Improvement Plan for this area, at this time.

Dexter Elementary is functioning at the capacity of its building (1,000 student capacity). Dexter Middle is functioning under the capacity of its building (960 capacity). Bartlett High is currently functioning under the capacity of its building (1,980 capacity), but is still utilizing eight portables on campus. Bartlett High's enrollment has been affected by the loss of students in the Hillshire annexation area.
