

SUMMARY

I. **Description of Item**

Shelby County Fire Station #62 located at 4647 Forest Hill Irene Road was constructed in 1991. The building is a single story structure with brick façade and approximately 5,000 square feet in area. Unsuitable fill material used during construction along with improper soil compaction has resulted in building and pavement settlement with cracks appearing in floors, walls and pavement areas. To prevent further and additional deterioration, it is necessary to move forward with this project and implement the needed structural repairs and pavement replacement.

The attached Resolution recommends approval of a contract with Design Specialties and Construction Inc., in the amount of \$242,333.00, for Structural Repairs and Pavement Replacement at Shelby County Fire Station #62. The LOSB participation rate for this contract is 100%. Funds are available in the FY 2017 Fire Services Fund Budget Account No. 954-300801-7011, Buildings and Improvements.

II. **Source and Amount of Funding**

A. Amount Expended/Budget Line Item

FY 2017 Fire Services Fund Budget Account No. 954-300801-7011, Buildings and Improvements.

Contract Amount	\$ 242,333.00
