Project Support

Please explain the specific project including a statement of its primary purpose and the need or problem that you are seeking to address.

It was reported that the news said on March 23, 2016 that Memphis, Tennessee is the #1 fattest city in America. While these statistics depict the harsh realities of health disparities among our children and teens, there are community leaders and corporations', sitting around tables trying to decide what is needed to prevent this destructive cycle from continuing to destroy our youth. Pinky Promise International suggests something must be done to improve the bleak plight of the health of our youth otherwise these trends and statistics will follow them into adulthood thus the reason for our request for funds. PPI requests funds from the Shelby County Board of Commissioners. This initiative, where OBE The Eagle, our Signature Character created for Obedience Educational Learning, promotes the awareness and interactive engagements for positive habits to eliminate childhood obesity, illnesses, diseases and mental factors that decrease optimal health in children, teens and families - promoting HEALTHIER

HOMES & FAMILIES! OBE The Eagle's Health & Wellness Campaign will engage youth ages 5- grades 12, their families, communities. The Vision is to teach the importance of daily physical exercise activities, right choices of food and nutritional meals, adequate sleep, mental wellness with stress management. PPI will engage and bring awareness, re-engagement of youth fitness at home with family involvement and through group physical activity programs using aforementioned activity book, color book illustrations, health education music and visual platforms.

How does the project contribute to your organization's overall mission?

The 4 Projects are different in goals and objectives.yet intertwined to adjoin to produce the expected outcome of heathy students, families and communities. College in visual format will increase awareness and a desire to attend as well daily engagement in middle and high school years will become more productive and realistic in why college is not an option. Abstinence Initiative - Moral Values to our society Pinky Fest - Community Engagement in everyone taking ownership of being a village to our youth
