No companies responded to the first RFP issued for the waste tire recycling services. The RFP was re-issued and only one company, Liberty Tire Recycling, submitted a proposal for RFP #16-005-79, Rebid Waste Tire Recycling Services – Parks & Grounds Maintenance.

Liberty proposed \$80.46 per ton for manifested tires and \$80.46 per ton for non-manifested tires generated by the County or other government agencies. Liberty will charge \$125.00 per ton for non-manifested tires to be collected by Liberty Tire Recycling from generators.

Liberty Tire Recycling is the company that is currently providing these services for Shelby County Government.

It is recommended that Liberty Tire Recycling be awarded the above referenced RFP for the waste tire recycling services in the dollar amount estimated and not to exceed \$400,000.00.

Thank you.
