Greetings,

My name is Charles Winton and I have been employed with Shelby County Government for 19 1/2 years now. During my years of employment, I've been employed with the Juvenile Court System and then promoted to my position at the Correctional Center. Working in both areas has afforded me the opportunity not only to help the incarcerated Juveniles, and adults I've worked with over the years, it also have allowed me the opportunity to meet new people, build lasting relationships with the co-workers I've met along the way.

This has afforded me the opportunity to hear the concerns that plague many at both the Juvenile Court and Correctional Center. Surprisingly, although from two different places, from two different sides of town, the concerns from all employees are the same. They love their employment with Shelby County Government, however, would like to see some areas improved greatly, not only for their current employment, but for their future as well.

It is my desire to be a part of the Unified Personnel Policy Committee so I can take those concerns to table and offer some equitable solutions to make our Government employees morale more increasingly positive, which in turns makes our resources, as a Shelby County Government, stronger!

Thanks,

Charles Winton
